

Seasonal Greeting from Grace House

With Best Wishes for Christmas and the New Year

Thank you for your support and prayer for Grace House for this whole year. We started with only one house since 2011, and now manage 10 houses in total in Nagoya, Tokyo and Chiba. We have welcomed more than 40 mission teams and 200 people in 2018 even in only Nagoya. We are honored to be a part of the body of Christ offering a comfortable and safe accommodation as a mission house, especially for people coming from overseas.

Currently 9 people live at Grace Houses in Nagoya as residents. It's encouraging to see they live together, try to help each other in grace of God. We have learned a lot from them.

Also "Grace Center", a Christian share office moved to our house this July, which is including Japan Food for Hunger(JIFH), Kirisutosha Gakusei Kai(KGK, College student ministry) and 8 other tenants. Also the leadership and management team has changed this November.

Thank you for your love, prayer and support to make Grace Houses a home of blessings. Keep praying for us to continue supporting churches, organizations and individual Christians for their walk.

December 2018
